There is a new index of native student specific scholarship programs in the library.

Seniors: Finish applying to schools & the FAFSA ASAP, applications may be completed online. Also, begin gathering letters of recommendation (school, employment, community) and have a draft of a generic essay of your future goals. Update your resumes and ask for a transcript now that semester 1 is completed. Please let Mrs. Holmlund know when you have been accepted to a school or received/offered a scholarship.

Families: Please understand that the above represents only a list of scholarships currently presented to our school and cannot be considered a comprehensive list of all possible scholarships; families themselves are ultimately responsible for the scholarship application process, please actively pursue opportunities online.
